<b>Type of Building</b>	Residential

**SWISSPEARL**

Set between deep green pine forests and the Västra Nedsjön Lake inland from Gothenburg, this double-storey, single-family house sits comfortably in its rural setting. The building is perched above a rock bed, elevating it above the landscape and optimising the surrounding vistas. The rich backdrop of verdant nature surrounding the house forms a strong contrast to its simple, cabin-like architecture, which creates a retreat from the hubbub and noise of city life.
