SWISSPEARL

The Technical Services Centre at Gdansk University of Technology stands as a testament to innovation and functionality in academic infrastructure. Located within the vibrant campus of Gdansk University of Technology, this centre serves as a hub for technical expertise and support. Its sleek and contemporary design is accentuated by the use of dark grey Swisspearl fibre cement panels, lending a striking visual appeal while ensuring durability and low maintenance. As a pivotal facility for the university community, the centre offers cutting-edge resources and services, fostering research, collaboration, and technical advancement.
