Facade	Swisspearl Patina Original NXT P 222
Location	Doemens Academy e. V. Stefanusstr. 8 82166 Gräflingen, München Deutschland
Photographer	Behrendt und Rausch Fotografie GbR, Kottenheim , Germany
Type of Building	Educational

SWISSPEARL

The Doemens Academy, a Bavarian educational institution with over 100 years of history, has equipped a new building by Schwinde Architekten with a curtain wall façade. This offers flexibility for future installations and combines white “Swisspearl Patina” façade panels with aluminium elements for a modern look. The uncoated panels have a natural vibrancy and uniform colour at the edges for a uniform surface. With around 1,800 m² installed in five months, the façade emphasises authenticity and naturalness and requires hardly any maintenance.

Please note that this Reference project features Patina products. However, since the colour range for Patina NXT is the same, this reference also provides a general impression of the look and feel of a Patina NXT project.
